

Agricultural Technician

Based at the Head Office, Mellington, Churchstoke

The Company

Established in 1978, RVW Pugh Ltd is a local, family run business based in Churchstoke, Powys, although it has expanded to two other depots – one in Holmes Chapel, Cheshire and the other in Market Drayton, Shropshire.

RVW Pugh Ltd, specializing in Fendt, Massey Ferguson and Challenger, sells both new and used tractors and machinery. Alongside this, RVW Pugh Ltd offers an extensive range of parts, ground care equipment and tools. Furthermore, RVW Pugh stocks a number of gifts, children's toys and a range of clothing – from model tractors to overalls, there is something for everyone!

The Role

We are looking for an enthusiastic individual to join us at our head office in Churchstoke, mid-wales to assist in the repair and maintenance of agricultural machinery, both on-site and on-farm, as instructed by your workshop management. The job will include, but not limited to:

- The repair and maintenance of vehicles and machinery, to the highest standards and with a “right-first-time” attitude.
- The preparation of new and used vehicles and machinery for sale, in accordance with manufacturers’ guidelines.
- Use of specialist diagnostic equipment and techniques, utilising manufacturers’ systems such as EDT and SOURCE. You are also required to keep up to date with the latest “Service News/Bulletins” as published on AGCO.net.
- Completion of Job Cards, Time Sheets and work reports, as required by workshop management. Job cards should be written up in sufficient detail to justify all of your time spent on the repair. Time Sheets should be completed daily.
- On occasion you may be required to help and develop junior members of the workshop team.
- General housekeeping duties within the workshop environment, including return of special tools and warranty parts to their designated storage area. Cleanliness of working environment and work van/service vehicle. You should adhere to health and safety standards at all times.

- You may be required to demonstrate the use of/ and/or functions of, new or used machinery to our customers. Remember that you are representing RVW Pugh Ltd and your behaviour should remain professional at all times.
- Communication with workshop management. It is your responsibility to report any problems with repairs, potential safety issues or training requirements to your workshop management.

Key Performance Measures:

WIP (Work in Progress) – Job Cards should be completed and returned to workshop management as required. Outstanding Job Cards should be kept to a minimum.

Technical Ability – Quality of repair, aiming to achieve a consistent “Right-first-time” repair record.

Technical Ability – Speed / Efficiency of repair, being measured against manufacturers recommended repair times and/or Quotes/Timescales set by workshop management.

Reporting to:

Directors, Business Manager, Service Manager
